## Pre-Enrollment Checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at 1-877-774-8592 (TTY/TDD: 711). We are open between 8:00 a.m. – 8:00 p.m., local time, 7 days a week. If you are calling from April 1 through September 30, alternate technologies (for example, voicemail) will be used on the weekends and holidays.

## Understanding the Benefits

- Review the full list of benefits found in the Evidence of Coverage (EOC), especially for those services for which you routinely see a doctor. Visit [www.getbluemt.com/mapd](http://www.getbluemt.com/mapd) or call 1-877-774-8592 to view a copy of the EOC.
- Review the *Provider Directory* (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- Review the *Pharmacy Directory* to make sure the pharmacy you use for any prescription medicines is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.

## Understanding Important Rules

- You must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month.
- Benefits, premiums and/or copayments/co-insurance may change on January 1, 2021.
- Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services provided by a non-contracted provider, the provider must agree to treat you. Except in an emergency or urgent situations, non-contracted providers may deny care. **In addition, you will pay a higher copay for services received by non-contracted providers.**

<b>What do we cover?</b>	<p>Like all Medicare health plans, we cover everything that Original Medicare covers—and <i>more</i>.</p> <p><b>Our plan members get <i>all</i> of the benefits covered by Original Medicare. For some of these benefits, you may pay more in our plan than you would in Original Medicare.</b> For others, you may pay less.</p> <p><b>Our plan members also get <i>more than what is covered by Original Medicare</i>.</b> Some of the extra benefits are outlined in this booklet.</p> <p>We cover Part D drugs. In addition, we cover Part B drugs such as chemotherapy and some drugs administered by your provider.</p> <p>You can see the complete plan formulary (list of Part D prescription drugs) and any restrictions on our website, (<a href="http://www.getbluemt.com/mapd">www.getbluemt.com/mapd</a>). Or, call us and we will send you a copy of the formulary.</p>	
<b>How will I determine my drug costs?</b>	<p>Our plan groups each medication into one of five “tiers.” You will need to use your formulary to locate what tier your drug is on to determine how much it will cost you. The amount you pay depends on the drug’s tier and what stage of the benefit you have reached. Later in this document we discuss the benefit stages that occur: Deductible, Initial Coverage, Coverage Gap, and Catastrophic Coverage.</p>

<b>Coverage Gap Stage</b>	<p>Most Medicare drug plans have a coverage gap (also called the “donut hole”). This means that there’s a temporary change in what you will pay for your drugs. The coverage gap begins after the total yearly drug cost (including what our plan has paid and what you have paid) reaches \$4,020.</p> <p>After you enter the coverage gap, you pay 25% of the plan’s cost for covered brand name drugs and 25% of the plan’s cost for covered generic drugs until your costs total \$6,350, which is the end of the coverage gap. Not everyone will enter the coverage gap.</p> <p>Under your plan, you may pay even less for the brand and generic drugs on the formulary. Your cost varies by tier. You will need to use your formulary to locate your drug’s tier.</p>
