3. **Religious Employer Exemption and Eligible Organization Accommodation:** Although federal regulations describe a limited exemption for certain group health plans from the Affordable Care Act requirement to cover contraceptive services under guidelines supported by the Health Resources and Services Administration (HRSA), Employer's insurance Group Contract must comply with applicable state requirements regarding contraceptive coverage. Accordingly, Employer's Group Contract currently includes coverage for contraceptives consistent with the state and federal coverage requirements and applicable exemptions. Some contraceptives may be covered without additional cost to the Member.

6. The provisions of paragraphs 1-5 (directly above) shall be in addition to (and do not take the place of) the other terms and conditions of coverage and/or administrative services between the parties.

ADDITIONAL PROVISIONS:

ACA FEE NOTICE: ACA established a number of taxes and fees that will affect BCBSMT's customers and their benefit plans. One of those fees is: the Annual Fee on Health Insurers or "Health Insurer Fee."

Section 9010(a) of ACA requires that "covered entities" providing health insurance ("health insurers") pay an annual fee to the federal government, commonly referred to as the Health Insurer Fee. The amount of this fee for a given calendar year will be determined by the federal government and may use a formula based in part on a health insurer's net premiums written with respect to health insurance on certain health risk during the preceding calendar year. This fee may be used to help fund premium tax credits and cost-sharing subsidies offered to certain individuals who purchase coverage on health insurance exchanges.

In addition, ACA Section 1341 and/or other applicable laws may provide for the establishment of a temporary reinsurance program(s) that may be funded by reinsurance contributions or other amounts (collectively, the "Reinsurance Fees or Amounts") collected from health insurance issuers and/or self-funded group health plans. Federal and/or state governments may provide information as to how these Reinsurance Fees or Amounts are calculated. Federal regulations may establish a flat per member per month fee. The temporary reinsurance programs funded by these Reinsurance Fees or Amounts may be used to help stabilize premiums in the individual market.

Employer's premium, which already accounts for current applicable federal and state taxes, includes the effects of the Health Insurer Fees and Reinsurance Fees or Amounts, if any. To the extent allowed by law, these rates may be adjusted on an annual basis for any incremental changes in Health Insurer Fees and Reinsurance Fees or Amounts, if any.
