

Do You Need Specialty Medications?

Blue Cross and Blue Shield of Montana (BCBSMT) has arranged for AllianceRx Walgreens Prime* to support members who need self-administered specialty medication and help them manage their therapy.

Specialty drugs are often prescribed to treat chronic, complex or rare conditions, such as multiple sclerosis, hepatitis C and rheumatoid arthritis. These drugs may be given by infusion (intravenously), injection, taken by mouth or some other way.

Specialty drugs often call for carefully following a treatment plan (or taking them on a strict schedule). These medications have special handling or storage needs and may not be stocked by retail pharmacies. They often cost more than non-specialty prescriptions.

Some specialty drugs must be given by a health care professional, while others are approved by the U.S. Food and Drug Administration (FDA) for self-administration (given by yourself or a care giver). Medications that call for administration by a professional are often covered under your medical benefit. Your doctor will order these medications. Coverage for self-administered specialty drugs is usually provided through your pharmacy benefit. Your doctor should write or call in a prescription for self-administered specialty drugs to be filled by a specialty pharmacy.

Your plan may require you to get your self-administered specialty drugs through AllianceRx Walgreens Prime or another in-network specialty pharmacy. If you do not use these pharmacies, you may pay higher out-of-pocket costs.**

When switching pharmacies, have your ID card and be ready with your:

- Name, address, phone number
- Name of medication
- Current pharmacy's name and phone number (for existing prescriptions), and the prescription number
- Doctor's name, phone and fax numbers

Your doctor may also order select specialty drugs that must be given to you by a health professional through AllianceRx Walgreens Prime.

Receiving Specialty Medications

Since many specialty drugs have unique shipping or handling needs, shipments will be arranged with you through AllianceRx Walgreens Prime. Medications are shipped in plain, secure, tamper-resistant packaging.

Before your scheduled refill date, you will be contacted to:

- Confirm your drugs, dose and the delivery location
- Check any prescription changes your doctor may have ordered****
- Discuss any changes in your condition or answer any questions about your health****

You can reach AllianceRx Walgreens Prime at 877-627-6337.

*Blue Cross and Blue Shield of Montana (BCBSMT) contracts with Prime Therapeutics to provide pharmacy benefit management and related other services. BCBSMT, as well as several independent Blue Cross and Blue Shield Plans, has an ownership interest in Prime Therapeutics. Prime Therapeutics has an ownership interest in AllianceRx Walgreens Prime, a central specialty pharmacy and home delivery company.

**The BCBSMT specialty pharmacy network includes AllianceRx Walgreens Prime as well as other in-network specialty pharmacies for select specialty drugs. Based on the benefit plan, members may be responsible for the full cost of the specialty drug for not using an in-network specialty pharmacy. You can log in to your Blue Access for Members (BAM) account to find an in-network specialty pharmacy near you.
