

Behavioral Health

Feeling Worried? Sad? Out of Control?
With help, you can start to feel better.

Most people have times when they don't feel their best. But when negative feelings get in the way of normal activities or last a long time, you may need extra support.

The good news is there are many treatments and support systems included with your health benefits.¹ With the right help, you can learn to help control your symptoms and live a full life.

You and your covered family members can get the support you may need for issues such as:

- Substance use
- Anxiety and panic attacks
- Attention deficit
- Autism
- Bipolar
- Depression
- Eating disorders
- Schizophrenia

Behavioral health professionals from Blue Cross and Blue Shield of Montana are experts in mental health. They can help you learn where and how to get help. Call the Customer Service or behavioral health number on the back of your member ID card to get started.

Start your path to a healthier mind and a more balanced life.
Take the first step today.

To find a behavioral health provider in your area:

Go to **bcbsmt.com**. Then, click **Find a Doctor or Hospital**.

Or call the Customer Service number on the back of your member ID card if you need help finding the right provider or have questions about your benefits.

1. The Behavioral Health program is available only to those members whose health plans include behavioral health benefits through Blue Cross and Blue Shield of Montana. Check your benefit booklet, ask your group administrator or call the Customer Service number on the back of your member ID card to verify that you have these services.

Member communications and information from the program are not meant to replace the advice of health care professionals. Members are encouraged to seek the advice of their doctors or behavioral health specialist to discuss their health care needs. Decisions regarding course and place of treatment remain with the member and his or her health care providers.
