

**PREAUTHORIZATION REQUIREMENTS LIST EFFECTIVE 01/01/2022**  
 Posted December 2021 to reference changes that will be effective April 01, 2022

- Preauthorization is required by BCBSMT for certain services to determine in advance the Medical Necessity or Experiment Investigational and/or Unproven nature of certain care and services based on MCG Criteria, Medical Policy and Member benefits. The list below describes the services that require preauthorization.
- Predetermination is a process used to submit requests for review of coverage decisions in accordance with medical policy and member contracts for a service (i.e., procedure, supply, drug or device) used to diagnose or treat an illness or condition. A predetermination is recommended if a provider is uncertain if the service meets medical policy criteria. Contact Provider Customer Service to determine if a service not on this list is subject to medical necessity review.
- Not all requirements apply to each product in these networks (Blue Preferred PPO<sup>SM</sup>, Blue Options<sup>SM</sup>, Blue Focus POS<sup>SM</sup>, Managed Care<sup>SM</sup> or Traditional<sup>SM</sup>). It is imperative that providers check eligibility and benefits and verify preauthorization requirements through Availity®.

**Medical/Surgical Services Requiring Preauthorization**

Service	Description
Elective or Emergency Inpatient	Admission to a licensed Acute Care Facility, Skilled Nursing Facility, Long Term Care Facility inpatient Admissions.
Dialysis Treatment (Out-of-network services only)	Dialysis Treatment provided by an Out-of-network provider.
Home Health, Hospice Care	Skilled home health care provided by a licensed home health or hospice agency.
Home Infusion	Outpatient Infusion therapy provided by a licensed home infusion agency.
Elective surgery at a Hospital or Ambulatory Surgical Facility (Out-of-Network services only)	Outpatient elective surgery performed at an out of network hospital or ambulatory surgery facility. Specific service requiring preauthorization are listed in the table below.
Other Procedures Requiring Prior Authorization	Specific service requiring preauthorization are listed in the table below.
Specialty Pharmacy	Refer to 2022 Specialty Drugs Preauthorization List for Infusion Site of Care on Claims and Eligibility, Predetermination and Preauthorization section on bcbsmt.com/provider.

**MEDICAL SURGICAL SERVICES**  
**2022 Commercial Outpatient Benefit Preauthorization Procedure Code List**

This list includes Current Procedural Terminology (CPT®) and/or Healthcare Common Procedure Coding System (HCPCS) codes related to services/categories for which benefit preauthorization may be required as of 01/01/2021 for commercial, fully insured, standard plans/networks,

This is not an exhaustive listing of all codes. Codes may change, and this list may be updated throughout the year. The presence of codes on this list does not necessarily indicate coverage under the member benefits contract. Member contracts differ in their benefits. Consult the member benefit booklet or contact a customer service representative to determine coverage for a specific medical service or supply. Benefit preauthorization for some services/categories must be obtained through Blue Cross and Blue Shield of Montana (BCBSMT). Benefit preauthorization for other services/categories must be obtained through a utilization management vendor.

It is imperative that providers check eligibility and benefits for each patient prior to rendering services to confirm benefits, benefit preauthorization/pre-notification requirements and utilization management vendors that must be used, if applicable. Providers may submit online eligibility and benefits inquiries (electronic 270 transactions) via the Availity® Provider Portal or other preferred web vendor portal. Services performed without benefit preauthorization, if required, may be denied for payment and providers may not seek reimbursement from BCBSMT members. Obtaining benefit preauthorization/pre-notification is not a substitute for confirming eligibility and benefits.

PRESS "CTRL" AND "F" KEYS AT THE SAME TIME TO BRING UP THE SEARCH BOX. ENTER A PROCEDURE CODE OR DESCRIPTION OF THE SERVICE.
