You Need to Make a Choice About Receiving These Health Care Items or Services

Your health care provider has decided to provide services that Blue Cross and Blue Shield of Montana (BCBSMT) may determine per medical policy are not medically necessary or experimental, investigational, or unproven services. The fact that BCBSMT may not pay for these services does not mean that you cannot receive that service. To assist you in making informed decisions regarding your health care, if you decide to receive these services, please sign this form to indicate that you have had a discussion with your health care provider about these services and your health care options and you have agreed to receive services that BCBSMT may determine are not medically necessary or experimental, investigational, or unproven and will not pay for. By signing this form, if you obtain these services, you are agreeing to be financially responsible for any and all charges related to the services as outlined in this document if BCBSMT determines that these are not medically necessary covered or experimental, investigational, or unproven services.

NOTE: This AMN does not limit you from exercising your right to appeal a not medically necessary or experimental, investigational, or unproven claim denial per the terms and limitations of your member contract.

Table with 2 columns: Item/Service/Procedure Code(s); Anticipated Date(s) of Service; Has a preauthorization or predetermination been submitted?; Preauthorization / Predetermination #; Reason for Potential Denial.

The purpose of this form is to help you make an informed decision about whether you want to receive these items or services, knowing that you might be responsible for the entire cost of these services.
