## **CAQH Changes Date of Implementation of ProView**

**Feb. 17, 2015**

CAQH, the online tool for collection of BCBSMT provider credentialing information, is launching the next generation of the Universal Provider Datasource (UPD), now called CAQH ProView. The dates of implementation have changed. During the transition from the UPD to CAQH ProView, the system will be unavailable from 6 p.m. (MT), Tuesday, Feb. 24, through Monday morning, March 2. Please plan accordingly, as you will not be able to enter credentialing information during this timeframe.
